UNION SCHOOL FACULTY TO PRESENT VIOLIN AND PIANO SONATA CONCERT

When the Union Elementary School Faculty presents its sponsored violin and piano sonata concert on Tuesday, April 22, at 8:15 p.m., in the Los Gatos high school auditorium, Carl Lundstrom, violinist, and Clara Huber Brass, pianist, will appear as guest artists and will perform the following program: Sonata in D Major, No. 3 by Wolfgang Mozart; Sonata in D Minor, No. 3, Opus 108 by Johannes Brahms, and Sonata in A Major by Gabriel Faure.

Mr. Lundstrom and Mrs. Brass are the same artists who last year presented the sonata recital at Villa Montalvo in Saratoga under the auspices of the Music Teachers' Association of California.

Mrs. Brass is a graduate of the Toledo Conservatory of Music. Later she completed her training in Germany under the tutelage of the eminent Xavier Scharwenka, distinguished pianist and composer, and Karl Leimer, teacher of the internationally famous pianist, Walter Gieseking.

Not only is Mrs. Brass an outstanding pianist, she is in addition, a coach for German lieder and the German language.

Carl Lundstrom began his musical study of the piano at the age of four, later turning to the violin. He has studied and coached with many outstanding violin teachers, including Jacques Gordon, Edwin Harris, Ludwig Schmidt, etc.

Mr. Lundstrom received his later training at the American Conservatory of Music in Chicago, and holds an A.B. degree in music from San Jose State College. At present he is musical director at the Los Gatos High School.

While studying and teaching in Chicago, Mr. Lundstrom was affiliated with the Chicago Civic Orchestra and later served as concert master with the Rockford, Illinois, Symphony. While in Chicago, he gave many joint programs with Edward Markham, noted poet of San Jose.

During World War II, Mr. Lundstrom wrote and produced the first original all-soldier show, which, along with "This is the Army," by Irving Berlin, was one of the few shows that was successfully produced.

The past season, Mr. Lundstrom has been a member of the San Jose Symphony. He possesses a fine French violin made by Johannes Jais, 1774.

Save Redwoods Subject Of Talk To Local Kiwanis

Former Senator Herbert Jones, in his talk to local Kiwanians Tuesday on preserving the Butano Forest redwood trees, emphasized the growing depletion of natural resources in the United States and the growing need for natural recreation in this age of high-tension living.

As a preface to his talk, Jones illustrated how the United States is finding it increasingly necessary to look farther afield—in Newfoundland, Labrador, and in South America for resources being depleted in the United States through lack of foresight.

Jones gave a lengthy explanation of the formation of the first association for preserving California redwoods which was instrumental in 1900 in passing legislation appropriating money to purchase Big Basin State Park, adjacent to Butano Forest.

"The entire Santa Clara Valley, the whole peninsula in fact, has grown so rapidly in recent years, that an increasing need for a natural recreation area exists," Jones said. "There is an acute need at this time for the Butano Forest not only for ourselves but for coming generations."

Jones pointed out that Butano Forest, comprising 1600 acres near Big Basin, is valued close to one million dollars. To make this a national park, he said, would require that half that sum be raised by civic organizations—the State would donate the rest.

"The bulk of this sum has already been raised," Jones was quick to point out. "San Mateo guarantees \$300,000 and Santa Clara county has raised \$150,000."

"The balance must be raised by civic organizations," Jones said.

Next meeting, Kiwanians will hear a concert by the Campbell Union High School band. Art Mayo will be chairman. A ladies night has been scheduled for Tuesday, April 29.

LOCAL BURDEN HEAVY FOR SCHOOL TAXES

In spite of multi-million dollar school aid bills voted by the legislature, local district taxpayers pay more of current school costs than does the state. State aid increases granted in recent years have not prevented the trend of rising local school tax rates. The California Teachers' Association has analyzed the distribution of these tax rates since 1946-47, and has concluded that a larger amount of state aid must be received if local districts and the state are going to share school costs on an approximately equal basis.

In 1946-47, only 6.5 percent of the 2134 elementary school districts in the state levied taxes ranging from 90c to \$3 per \$100 of assessed valuation. In the following year this group had grown to 10.4 percent and in 1950-51 18.9 percent had reached the higher bracket. In the first year of the study, 57.4 percent had rates of 45c to 79c, the next year the low rate group had dropped to 49.7 percent and in 1950-51, only 25.2 percent remained.

The state's high school districts using lower tax rates ranging from 40c to 79c, dropped from 82.5 percent to 53.3 percent in four years. Almost half of the high school districts now levy local taxes at rates ranging from 80c to \$2 per \$100 valuation.

Area Hospital Meeting Slated For Tonight

The Board of Directors of the West Valley Hospital District will meet again tonight to discuss the bond issue for construction of the Los Gatos-Saratoga-Campbell area hospital.

There is every indication that the bond issue will appear on the November general election ballot, but no definite conclusions have been reached on previous meetings.

At the last year's September election, the measure won a majority vote, but failed to carry the two-thirds necessary majority.

Original plans for the hospital to serve Campbell, Los Gatos and Saratoga called for a one-story building with facilities for expansion into a 100-bed hospital.

The new building would be erected at a previously decided site at Vasona Junction.

NEW TEACHERS ADDED TO LOCAL SCHOOL DISTRICT

Campbell Union School District is currently interviewing applicants for teaching positions each Saturday between 10 to 12 a.m. Helen Petersen, district curriculum coordinator and chairman of the selection committee, says six teachers have been selected to date with about fifteen vacancies remaining. Most of the vacancies are in the primary grades. Interviews are by appointment.

Campbell Teachers To Attend Gifted Children Study

Two teachers from the Campbell Union School District, Lois Hoyt and Florence Gilmore, will attend a conference studying exceptional children in Oakland on Saturday.

The conference is a meeting of the California State chapter of the International Council for Exceptional Children. It is made up of teachers who deal with the education of exceptional children including the gifted as well as the handicapped.

Campbell High Custodian Dies; Funeral Today

Krug Chapel funeral services will be held today for Joseph Daley, custodian of Campbell Union High School for the past twelve years, who died Saturday in Doctor's Hospital in San Jose after a brief illness.

A low mass will be celebrated at St. Lucy's Catholic Church this morning at 9 a.m. after which the

Joseph Daley

funeral procession will proceed to Golden Gate National Cemetery at Colma.

Daley, a popular resident of Campbell, was a long-time member of Campbell American Legion post, and a charter member of the Lt. Byron C. Lanphear Post 6305, VFW. He was a veteran of World War I.

A memorial service was held Tuesday at the Krug Memorial Chapel by the Campbell American Legion Post. A rosary was also said last night followed by Veterans' Foreign Wars memorial service by Post 6305 at the Krug Chapel.

He is survived by a brother, Edward, of Bay City, Florida, a sister, Mrs. Joseph Griffin, Brighton, Mass., and a niece, Mrs. Helen Bates, Brighton, Mass.

Progress Payment Made To Prune & Apricot Growers

More than \$1.5 million in progress payments are now being distributed to members of the California Prune and Apricot Growers Association on 1951 crop prunes and dried apricots, it is announced by Director F. L. Steindorf, who is also central representative of the Campbell-Los Gatos Prune and Apricot Association.

The prune progress payment brings to more than \$8 million the returns made by the Association on 1951 deliveries. The current distribution averages more than \$20 per ton for the average size and quality.

With final settlement still to be made, according to Mr. Steindorf, the total returns received thus far by Association growers on 1951 crop prunes equal or exceed prices paid in the field for like sizes in salable tonnage.

The progress payment on dried apricots of approximately \$100 per ton brings to almost \$1 million the total distributed thus far on the 1951 crop. On the basis of total payments to date, Association returns on 1951 crop dried apricots are as follows for SUNDRIED quality, per pound: Standard 27½c Choice, 30c; Extra choice, 31c; Fancy, 32c; Extra Fancy, 33c; and Extra Fancy Moorpark, 34½c. The usual differentiations apply to other classifications.

Additional payments are still to be made by the Association on all commodities.

ROTARY TO HOLD JOINT MEETING

Rotary members this week will participate in a joint meeting with the Santa Clara Rotary Club at Santa Clara.

An interesting program is being planned by the Santa Clara Rotarians, according to Tony Raffanti, Campbell program chairman, but members will have to be present to find out what it is.

CAMPBELL RECREATION PROGRAM TO RUN THROUGH JUNE AND AUGUST

Campbell Union High School Area Recreation District, a summer recreation program embracing the five elementary school districts, will be started June 16 and run through August.

Combined districts will administer the program through a board composed of representatives named by trustees of the respective schools.

Moreland School To Vote On Tax Rate Increase

An election will be held in June in the Moreland School District on the question of increasing the maximum tax rate for the Moreland School District. The present statutory limit is 90 cents for each 100 dollars assessed valuation. The election is to determine if the tax rate may be upped to \$1.50 for each \$100 to secure additional funds for all lawful school purposes.

Polling place will be Moreland School, Payne Avenue and Saratoga-Santa Clara Road, near Quito Park.

Moreland School District has been designated as precinct number one and will include all the area within the Moreland School District.

Election officers include Dorothy E. S. Harp, inspector; Velda Lisenby, judge; and Charlotte Bush, judge.

The governing board of the school district will meet on the seventh day after the election and publicly canvass the returns.

County Included In New TV Stations Proposed For State

Santa Clara County can look forward to its own television on four stations which may be built under a plan of the Federal Communications Commission, in San Jose.

The FCC plan, which has just been adopted, calls for 77 new stations in California. Most of them will operate in the ultra-high frequency range, which is an untapped section of the radio spectrum. Use of this UHF band and expansion of the present "very high frequency" service should eventually permit nearly 2,000 new television stations in every section of the nation. The 108 television stations now operating in the United States are in the VHF range.

"The adoption of the UHF plan in conjunction with the expansion of VHF means the beginning of a truly nationwide television service, with visual entertainment and education brought to remote areas miles from the nearest cities," stated Dr. C. B. Jolliffe, vice-president and technical director of the Radio Corporation of America, which pioneered the development of UHF television. "We are ready to build the transmitting and receiving equipment to bring about this national television service."

The FCC decision to use UHF for television is based on years of scientific research and on field tests conducted by RCA and the National Broadcasting Company at Bridgeport, Conn., where in 1949 they built the country's first UHF television station to operate on a regular basis. These field tests, Dr. Jolliffe reported, showed that UHF, when properly allocated geographically and properly used, was comparable to service provided by present VHF broadcasts.

When new stations are built, home television receivers will follow quickly, judging from the experience of present television areas. Based on the national pattern, California can anticipate more than 1,700,000 sets a year or two after the new stations begin operation, with more than 48,000 sets in Santa Clara County alone.

Under the FCC plan, California cities and towns which may obtain new stations, in addition to the stations already in operation in Los Angeles, San Francisco and San Diego, are: Alturas, Bakersfield, Brawley, Chico, Corona, Delano, El Centro, Eureka, Fresno, Hanford, Madera, Merced, Modesto, Monterey, Napa, Oakland - San Francisco, Oxnard, Petaluma, Red Bluff, Redding, Riverside, Sacramento, Salinas, San Bernardino, San Buenaventura, San Jose, San Luis Obispo, Santa Barbara, Santa Cruz, Santa Maria, Santa Paula, Santa Rosa, Stockton, Tulare, Ukiah, Visalia, Watsonville, Yreka, and Yuba City.

CITY COUNCIL DISCUSSES SOURCES OF REVENUE FOR CITY OF CAMPBELL; MAY GET STATE FUNDS THIS MONTH

Mayor Richard W. Morton, after attending meetings of the League of California Cities at Berkeley, reported to the City Council meeting Monday evening possible sources of revenue for the still empty city treasury.

State subventions and grants are the only source of revenue at present, Morton explained, but the key question to be determined is whether the allocation date or incorporation date is to be considered. If the allocation date is used, Campbell can look forward to receiving State funds from the state gasoline tax, payable at the end of this month. This would amount to 72 to 75 cents per capita. Morton said.

CHAIN STORE HALTS SUNDAY MARKET CLOSING

Safeway Food Stores threw a monkey wrench into Central Coast Counties Association of Retail Food Dealers plans for food stores to remain closed on Sunday.

Ray E. Claudy, executive secretary of the Association, made the announcement yesterday morning after conferring with officials of Safeway Stores.

"Since Safeway has arbitrarily decided to remain open in the face of agreed closing of other stores in Santa Clara County, all stores should remain open that want to do so," Claudy said.

Claudly mentioned that the association had had a tentative agreement with the Safeway labor relations department that it would "go along" with Sunday closing. However, Claudy said, "C. H. Bartlett, the division manager, decided today that he wouldn't go along, thus forcing the rest of the stores to remain open."

Community Club Barbecue Dinner Planned April 19

Fletcher-Petersen is the contractor.

CHORAL GROUP TO START AT HIGH SCHOOL

Recognizing the need for a civic choral group in the City of Campbell, Laurence J. Hill, Campbell High School headmaster, has endorsed a recreational adult choral club conducted by Miss Marye Parker. Class will start April 28 at 7:30 p.m. in Room 28 of the music building of the high school.

BOB VANNE NEW CAMPBELL PRESS AD MANAGER

Mr. Bob Vanne has been appointed new advertising manager of the Campbell Press, replacing Mr. James Allen. Allen will devote his full time to the operation of his newspaper, the Saratoga Observer, recently purchased from the Campbell Publishing Co.

Vanne, an advertising graduate of the University of Illinois, worked for Danville, Illinois, Commercial News and for Alhambra, Ill., Press Publications, which published three weekly newspapers.

Prior to joining the Campbell Press, Vanne worked for the Mountain View Daily Register as advertising manager.

Vanne, married, has one child, Mark, and will make his home in the Campbell area. He is a World War II Navy veteran and spent two years in the Pacific theatre of operations.

The "inlieu" tax from motor vehicle license fees, earmarked for streets and highways and granted on a population basis at the rate of three units of population for each registered voter, was another source Morton discussed. Campbell would rate 2.44 per capita from these funds. Payments are made twice a year, at the end of June and the end of December.

The liquor license tax, on the basis of fees paid within the city limits, is paid annually in October, and is not earmarked for any particular purpose, Mayor Morton explained.

Bills AB 40-41, recently passed by the State legislature, the so-called "Christmas tree funds," would allot a total of \$69,000, but only on a matching basis. This money would have to be used for planning and site acquisition for public buildings, storm and sanitary sewers, and streets and highways, the mayor pointed out.

Before Campbell can acquire money from any of these sources, the population of 6696 upon which the allocations would be based will have to be confirmed. The certificate of incorporation filed with the State specified a population of only 4,000, which city officials claim to be incorrect.

Morton said the League suggested having a bill introduced in the legislature next January to "confirm" the larger figure.

Council adopted a resolution authorizing three public places for posting ordinances during the first year of city existence.

Places finally decided upon are: entrance to the Country Woman's Club, the postoffice lobby, and the Campbell fire house. Council expects to give first reading to an administrative ordinance April 28.

Council asked City Clerk Viola Krug to write the State Division of Highways to ask the district engineer to confer with city officials on determining streets of major and secondary importance.

Council agreed to accept applications for the position of City Accountant through City Clerk Viola Krug. At last meeting, the council listened to an oral application from T. K. Miller, a certified public accountant with offices in Campbell. Council directed Councilman Joseph Dahl to continue investigation of the form of the city seal.

City Clerk Mrs. Viola Krug was directed to purchase necessary office supplies on a deferred payment plan.

Moreland School Orchestra To Get Magic Show Funds

Moreland School and Moreland PTA will sponsor a two-hour magic show, "The Great Toussaint," at the Campbell Union High school auditorium at 8:00 p.m. tomorrow. The profits of the show will be used for the benefit of the school band and orchestra.

Because of the great growth in enrollment at Moreland School, there has been a large increase in the number of students who wish to study or play a musical instrument. Since Moreland has a limited variety of orchestral instruments, additional funds are needed now to furnish students with instruments which will give immediate help in strengthening the orchestra.

Miss Margaret Sanfilippo, director of the Moreland School orchestra, announces that tickets for the magic show may be purchased at the door of the Campbell High school auditorium on April 18. Price of admission is 50 cents for adults and 25 cents for children.

Flower Demonstration Highlights Grammar School PTA Installation

The April meeting of the Campbell Grammar School PTA unit was highlighted by a demonstration of flower arrangements by Mrs. Aldene Williams, who teaches Flower Arrangement at the Adult Center. Outstanding among her display were two Easter arrangements, one for the table, and one for the fireplace mantel.

The meeting was called to order by Mrs. Leonard Merritt, and after a salute to the flag led by Boy Scout Billy Pollard, the school orchestra, led by Jack Barrett, played three numbers: "Overture," "Beautiful Dreamer," and "Selections from old tunes." Mrs. Wayne Lenz read the inspirational, and Mrs. Frank Lima read the minutes of the previous meeting. The following recommendation of the Executive Board was voted on and accepted: the Campbell unit will put aside \$50 toward the new Rosemary School PTA, when organized. Following the treasurer's report, Mrs. Merritt announced that the Sixth District voted to finish paying for the station wagon for the blind children.

Mrs. Morrell then introduced Mrs. Williams to the group, and after her demonstration, announced that the next PTA meeting would be held May 6 and the program would be given by the Girls' and Boys' Glee Clubs.

Mrs. Merritt then turned the meeting over to Mrs. Dorothy Royce, who introduced the new officers and took charge of the installation. The officers installed were Mrs. Richard O'Flynn, president; Mrs. Richard Morton, first vice-president; Mrs. Victor Carlini, second vice-president; Mrs. Frank Lima, third vice-president; Mrs. George Duncan, secretary; Mrs. Jack Marsh, treasurer; Mrs. Royal Page, auditor; Mrs. Lloyd Brown, parliamentarian, and Mrs. L. E. Means, historian.

Mrs. Merritt congratulated Mrs. O'Flynn, and turned the gavel over to her. The outgoing president was presented with a handbag in appreciation of the work she has done this past year.

Mrs. O'Flynn adjourned the meeting, and refreshments were served in the cafeteria by the second grade mothers.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

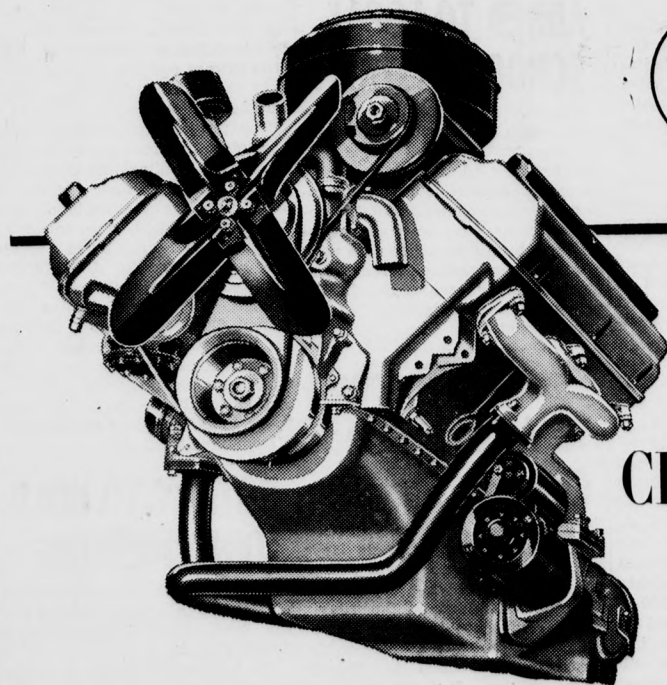

It delivers 180 horsepower... without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can

equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response... its safety-power, in reserve for emergencies... its easy scorn for distance or hills... make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too... we invite you to drive it, soon!

Local Contest To Open Next Week

Lucky guessers will have an opportunity to try their skill next week when a new contest opens at the Campbell Hatchery, 111 So. Winchester Road.

The contest is based on the growth-rate of a number of chickens which will be on display at the dealer's store. Mr. Bert Burda points out that this is purely a local contest, that someone in this area must win. "The amateur has just as much a chance as the expert," he said, "because even the chickens themselves don't know how fast they will grow."

The contest will run for several weeks, and the person whose guess is nearest to the actual weight of the birds at the close of the contest will be given the chickens free of charge. A 100-lb. bag of feed is being offered as second prize. Contest blanks may be obtained at the dealer's store.

Cancer Scientists Seek Cell's Secrets

The key to cancer control may lie in the basic secrets of life, according to the American Cancer Society. Most of the multi-million dollar ACS research program is aimed at uncovering the mysteries of growth, both normal and abnormal.

It seeks to establish the facts of cell life. It tries to determine how the normal cell lives, grows, ages and dies. Once these facts are known, it will be much easier to learn why the cancer cell never ages and why it never dies until it has killed the host which harbors it.

Many of medical science's major developments evolve from basic research. Sometimes by accident, more often as the result of careful planning and incredibly detailed work, basic scientists are learning how to destroy the malignant cells that would destroy us.

Contributions to the ACS help finance the research of some 900 investigators in 100 laboratories and universities in 35 states. By fellowships the ACS is training 70 young scientists. More and more, research is turning up facts that eventually will lead to a thorough understanding of the nature of cancer, and some day, to its complete control.

This important work is supported by gifts to the Cancer Crusade. Remember! Cancer strikes one in five. Strike back. Give to conquer cancer.

Den 5, under the leadership of Mrs. Ted Balgooyen, exhibited cactus gardens in pots made for the cub mothers, as well as stamp collections, airplanes, boats and a match cover collection. Den Mother Mrs. Paul Basham's group, Den 2, showed vegetable boxes constructed for the cub mothers, padded stools made from nail kegs and cool-dring coasters made from sheet cork. Mrs. Greg Snyder's group, Den 3, presented a variety of projects, a collection of rocks, a wooden ship, and described the undertaking by one cub scout of raising a pair of kid goats.

The meeting was opened by the presentation of the National Emblem by the Quito Merchants' Association to the pack. Pledge of Allegiance was led by Den 5, followed by a group of songs led by Ted Balgooyen.

The cubs played outdoor games while Cubmaster Jim Barnett conducted a short business meeting with the parents. Refreshments were served, and skits were performed by cubs and parents. Ted Balgooyen led the closing song.

Cambrian District To Remain Intact

Cambrian School District will remain intact due to a 4-3 vote by San Jose City Council Monday against its proposed strip annexation of Cambrian No. 1 at Foxworthy and New Jersey Avenues.

San Jose had proposed to take the Cambrian property, amounting to ten acres in all at northeast corner of Foxworthy Road and New Jersey, by way of a three-mile strip annexation of Hicks Avenue, Dry Creek Road and New Jersey Avenue.

A petition in behalf of Cambrian School District protested the annexation because it would bisect property the district has purchased at that location. A second petition of opposition was submitted by Attorney Charles E. Luckhardt, and signed by 27 neighboring property owners.

Campbell Mayor Morton had attacked the legality of the annexation on the grounds that Campbell consent had not been obtained as required by state laws.

San Jose Mayor Clark Bradley said the majority of the San Jose Council obviously felt the legality of the move was in question.

Action came at the conclusion of continued hearing on the annexation. The matter had been discussed earlier by the Council and a delegation of officials from the City of Campbell in committee conference.

Veterans Administration announced it will discontinue sending receipts for insurance premiums becoming due on and after August 1, 1952.

of each chapter, headed by Mesdames Francis H. Redewil and Thomas Eagan, presidents.

A musical program will be given in the ballroom by members of the three chapters and guest artists. Following the program, tea will be served, while incidental music will be played by a string trio.

Prizes Awarded For Cambrian Easter Egg Hunt

Over 1,000 children and parents combed the Cambrian Park area in a gigantic egg hunt sponsored by Mac's Market and Ed's Mobilgas Station in Cambrian Park last Sunday. Over 80 prizes were given to the children finding the colored eggs with the winning numbers. Top three prizes were awarded to David Salsberry, 8-year-old from Stratford Drive who rode home a new Schwinn bicycle. A new coaster wagon was won by Chuck Renard, Charmeran Avenue, while 3-year-old Barbara Witzel proudly mounted her prize winning tricycle.

There were many other lesser prizes in this first egg hunt in the Cambrian Park area as children and parents searched the large field across from the market area for over 400 brightly colored and numbered eggs.

Food Sense—Not Nonsense

Worried about vitamins? Afraid of carbohydrates? Puzzled as to whether or not you and your family get enough protein each day? Avoiding fats and sugars? In spite of the fact that an increasing knowledge of nutrition has been one of the offerings of this scientific age, food crazes have been sweeping this country over the past few years like a plague of locusts. The public is both puzzled and concerned. It is reassuring to know there is no substitute for a well balanced diet, patterned on the basic seven food groups.

By an every day selection of foods from these groups you can be assured of meeting individual needs for vitamins, minerals, protein, fats and carbohydrates. All of these are essential to your physical well being. To have a well balanced diet, with all needed health giving factors, select foods from these following groups. (Servings are given as eating guides.)

Green and yellow vegetables, such as broccoli, green beans and carrots—one large serving daily. These are rich in vitamin A, essential to good vision, and iron to build red blood cells.

Oranges, tomatoes, grapefruit one serving daily. This group also includes raw cabbage and salad greens. These furnish vitamin C, also known as ascorbic acid, necessary for healthy gums and body tissues.

Potatoes and other vegetables and fruits. One potato daily and two or more servings of the others. These are thrifty sources of needed vitamins and minerals.

Milk and milk products, such as cheeses and ice cream. One pint of milk for adults and more for children, daily. These are especially important for protein and calcium. They build strong bones and teeth.

Meat, poultry, fish and eggs—one serving meat, fish, or poultry daily, at least 4 eggs per week. These are the high protein, muscle building foods, carrying essential minerals.

Bread, flour and cereals. Six slices of enriched, or whole wheat bread, daily, with other grain foods, such as breakfast cereal. Enriched bread furnishes carbohydrates for energy; protein for building muscles; calcium for strong teeth and bones; iron for red blood cells; and the three B vitamins, niacin, thiamine and riboflavin for general good health.

Butter and fortified margarine—two or three tablespoons daily. These are high in vitamin A, essential to good vision, and are good "fuel" foods. The important point is to include foods from each of these groups every day. Your diet will be balanced—your hunger satisfied—your food fears banished.

Campbell Hardware Nips Food Market In 51-50 Basketball Playoff Win

Joe Lipari of Campbell Hardware sank a long shot in the closing minutes of the second game of the Campbell Basketball Association playoff at Campbell High School Tuesday to win 51-50 over Maderis Food Center.

Maderis was ahead with six seconds to go and stalling for the gun, when Lipari, taking a stolen pass, flipped the winning marker. As the ball swished through the hoop, the buzzer sounded, ending the game.

The Marketeers led the scoring in all quarters, only to lose at literally the last second of the game.

At the end of the first quarter, the market held a 16-7 lead. At the end of the half, Campbell Hardware still trailed 30-24. Third period ending found the score even at 38 each. Stiles from Campbell Hardware was high scorer with 22 points. The rubber game will be played tonight at Campbell High.

Campbell's Herb Gorman Cracks Majors With Stanky's St. Louis Cardinals

Herb Gorman, Campbell's pro baseball wizard, in his seventh season, takes his first real crack at the majors this year with manager Eddie Stanky's St. Louis Cardinals.

The 180-pound infielder-outfielder, shelved last season due to a fractured ankle while with Hollywood, had to be included in Stanky's lineup this year on the basis of his fabulous batting and fielding performance.

Easter Seal Campaign Ends Almost At Goal

Santa Clara County Crippled Children's Society realized \$17,981 by Easter Sunday from the 1952 Easter Seal campaign, just over \$2,000 short of the \$20,000 goal, according to Mrs. M. D. Baker, president of the society.

Receipts from this week and next are expected to boost the total over the quota," Mrs. Baker said.

"If it does go over," she added, "the society will be able to carry through a much hoped for project—the expansion of the sheltered workshop for severely handicapped young people."

Mrs. Baker pointed out that persons using the workshop have physical disabilities which bar them from regular employment.

"Here the young people can do work suited to their capacities," said Mrs. Baker. "Doing sub-contracting work on a piece work basis, they are freed of the pressure of competition in performing their jobs. At the same time, they are gainfully employed with a small income and can achieve that all-important sense of belonging."

This year's campaign was in charge of Patrick H. Peabody. He joined Mrs. Baker in expressing to county residents his appreciation for their cooperation in the drive.

Buc Splashers Are Dunked By Willow Glen

Buc swimmers, along with Santa Clara, were dunked by Willow Glen High school in a three-way meet Tuesday in the Ram pool. Willow Glen scored 42 points, Santa Clara 33, and Campbell 9.

One of the key features of the meet was a dead heat in the 200 yard freestyle. The time was 2:39.8 and Jim Merritt, Campbell, raced Jay Fox of Willow Glen, both boys ending the race stroke for stroke. In a class B dual meet between Willow Glen and Santa Clara, the Panthers won by a 34-32 score.

Two school records were set in the varsity meet Tony Passarelli won the 100-yard freestyle for Willow Glen in the time of 1:05.9. The old record was 1:08.5.

The other school mark was set in the four-man freestyle relay won by Willow Glen. The time was 1:55.2. This bettered the previous record of 1:58.4.

Scouts Enlisted For Youth Center Building Funds

Early next week Boy Scouts, Explorers, Cubs, and Girl Scouts of Union district will distribute handbills throughout the area, including Cambrian Park and Mabel and Camden Gardens, urging their neighbors to make contributions toward a drive to raise \$1,000 to buy materials needed to improve the road and complete the interior

of the Community Center building used primarily by the youth organizations. The Community Center is available for use by any community group.

During the campaign period, April 16 to 26, members of the Dad's club and mothers from the Union Home and School club will call at each house in the district to introduce new residents to both youth and adult groups and to accept donations towards the fund.

Since there are over 1,000 homes in the area, a one dollar contribution from each would put the drive over the top, according to Kenneth Downing, head of the dad's committee. Those families whose children are actively using the

building or will do so in the near future may feel that a completed building is worth a larger contribution, he pointed out.

Two years ago \$2,500 was donated by the community and its friends to buy materials for the building, which was constructed by volunteer labor. Costs prevented finishing the interior, installing a heater or grading the road and parking area so that it would be usable in wet weather.

Estimates on materials now needed for completion are as follows: floors, \$350; walls and ceiling, \$312; nails, \$12; paint \$10; road, \$150, and miscellaneous, including dishes, lock, heater and garbage can, \$150. Volunteers will do the work, Downing said.

SERVICE NOTES

BOWEN ABOARD OILER

Carrying to United Nations ships in Korea is most essential, and movies with Jane Russell are most popular when the oiler USS Tolovana arrives in Kirean waters with her cargo under the care of such men as William H. Bowen, fireman USN, son of Mr. and Mrs. Elwood Grable of 860 Steinway Avenue, Campbell.

The Tolovana delivers fuel, movies and mail to United Nations ships supporting our ground forces on Korean battlefields. During her seven months of operation in the Korean area, the Tolovana has supplied fuel and cargo to more than 200 combatant ships, ranging from destroyer minesweepers to battleships, and has made two trips around the world.

LOREN WARNING RETURNS

Loren R. Warning, gunners mate third class, USN, has returned with crew members of LST 854 after nine months in Far Eastern waters. The ship, LST Division 34, recently helped perform "Operation Refugee," which delivered Korean refugees from front line areas to Mokpo, Korea. Warning is the son of Mr. and Mrs. A. G. Warning of 351 W. Campbell Avenue, and husband of Mrs. Marion L. Warning of 340 S. Union Avenue.

Louis W. Bias, fireman, USN, is serving aboard the destroyer USS Stephen Potter, which recently visited Liverpool, England, before being relieved of its Eastern Atlantic station and ordered to other duties in the Mediterranean area. Bias is the son of Mr. and Mrs. Hursel M. Bias of 600 San Tomas Avenue, and husband of the former Ruby G. Brown of Los Gatos.

'Eyes That See,' Methodist Topic

"Eyes that See" will be the subject of the Reverend Herbert W. Neale's sermon at morning worship in the Campbell Methodist Church. The topic is taken from the Beatitudes, "Blessed are the pure in heart, for they shall see God." Special music will be given by the senior choir.

At 7:00 p.m., the regular youth program will be held for Junior High School and High School students.

On Saturday at 7:30 the young people of the Methodist Church will join the membership of the Santa Clara Community Church youth groups for a social evening.

INFLATION IS HISTORIC

Because occasionally the power fails, or telephone service breaks down for a brief period, or the auto will not start, we imagine momentarily that we get the feel of those times, a bit more rugged, before we had electric power, telephones, and automobiles. However, it isn't as easy as that, nor are our imaginations or experience adequate to such a task.

PRICES 100 YEARS AGO

A glance at a menu issued over 100 years ago by Delmonico's, still a leading New York restaurant, makes us realize that even a lively imagination is unable to make conditions of a century ago take on a semblance of reality. Conditions can change and have changed that much. Take the changing dollar values, for instance.

This Delmonico's menu, reprinted in the New York Times, lists these amazing prices: Regular dinner, 12 cents; soup, 2 cents; half a pie, 2 cents; corned beef and cabbage, 4 cents; pork and beans, 4 cents; roast beef or veal, 5 cents; ham and eggs, 10 cents; hamburger steak, 10 cents; roast chicken, 10 cents; cup of tea or coffee, 1 cent.

WAGES 100 YEARS AGO

However, we note that \$6 a week was an excellent wage in those days and that a worker who ate a regular dinner every evening at Delmonico's would be paying 84 cents a week for them. Today, a comparable worker would earn \$75 a week and would be paying \$10.50 a week for similar meals.

Thus, in about 11 decades, wages have advanced from \$6 to \$75 per week for relatively the same type of employment. Regarding what has happened to prices and values in this period, the New York Times quotes the "Book of Indices":

"This is an inflation of the dollar which averages out to 100 percent per decade for 11 successive decades.

"If the value of the dollar in the year 2060 bears the same purchasing relationship to the present dollar that the present dollar bears to the 1834 dollar, then the progression of wages for the same work will have been from \$6 in 1934 to \$75 today to \$938 per week in 2060.

HAVE-NOTS TAKE FROM HAVES

"Those investors who think that the progress of inflation is coming to an end had better consult the record of the last century to find out how fast and steadily the value of the dollar has depreciated, as by this means, the mass of chronic have-nots, always in the voting majority, help themselves to the savings of the productive minority. Those investors who think that the present Administration will not find ways and means of carrying much further this basic trend, so politically profitable, had better go out in the wilderness on the coldest night of the year and there in the unrelieved darkness, think themselves another thing."

The pity of it is that even the intended beneficiaries of inflation inevitably are hurt by it.

Teach Children Safety Rules Says Patrol

The California Highway Patrol today advised parents who teach their children to follow in their footsteps to make certain those footsteps walk the paths of safety. "Children learn by imitation," said the Patrol. "They make no distinction between good and bad safety habits unless they are given proper guidance."

Fair weather brings youngsters out in the open for the start of their summer-long outdoor activities, the Patrol pointed out.

"The dangers of playing in the roadway, crossing streets in the middle of the block and running out from behind parked cars must be brought home to children. Otherwise, the children may be brought home in an ambulance."

Bicycles, wagons, coasters and roller skates present special traffic hazards, the Patrol added. Children should be taught how to enjoy them and, at the same time, observe safety rules.

The Patrol also cautioned motorists to keep a sharp watch for those children who might not get adequate safety training.

"It's your responsibility to make up the difference between the safety they don't know about, and, therefore, can't practice, and the safety they don't know about, and should practice."

"That difference can mean a life."

Construction of Lick Observatory on Mount Hamilton in Santa Clara County was commenced on July 23, 1880.

Western Bishops First-Time Hosts To Methodism's Top Conference

SAN FRANCISCO—Methodists of every state and from at least thirty overseas countries will spend two weeks, beginning April 23, in the Civic Auditorium here planning and legislating for their denomination's next four years.

This will be the first time in half a century that such a body will have met in the West. In 1904 Los Angeles entertained the General Conference of the former Methodist Episcopal Church, one of the three bodies which, in 1939, reunited to form The Methodist Church.

The Los Angeles conference is remembered for being the first in which women were accepted as delegates. In the coming session, 75 of the 360 lay-delegates will be women.

Cub scouts attending were Timothee Noble, Bobby Currall, Medford Snyder, Charles Jackson.

Each Family In S. C. County Owes \$5590 Tax

Every family in Santa Clara county owes, on the average, \$5,590 as their share of the national debt, California Taxpayers' Association said today. For the county as a whole, the share of the national debt is \$644,676,000.

Total debt of the federal government reached \$257,360,934,000 on April 7, the association pointed out. California's share is almost \$22 billion—about 50 percent more than the \$14.7 billion total value of taxable property in the state for 1951-52.

The \$85.4 billion federal budget presented to congress contemplates adding \$14.4 billion to the present national debt, because revenue expected to be received from present taxes is estimated to reach "only" \$71 billion.

"California's share of an additional \$14.4 billion of national debt would be about \$1.2 billion, added to the almost \$22 billion now owed," the Taxpayers' Association said, pointing out that the \$1.2 billion is about the same as the total budget for the state of California adopted by the legislature in Sacramento early this month.

Rezoning Bid Gets Hearing

Santa Clara Planning Commission held the first public hearing last night at the Court House in San Jose, on petition of Y. Archibald to reclassify certain property from an R-1-B-2 zone to an R-1-B-1 zone, on property located at the northwest corner of San Tomas Aquino Road and Campbell Avenue.

CUB PACK 19 TO VISIT ZOO

Cub Scout Pack 19 will attend a family excursion to Fleischacker Zoo in San Francisco, if plans discussed at a committee meeting work out.

All cubs and their families are to meet at 9:30 a.m. on April 19 at the First Methodist Church, a spokesman reports.

Plans were also made for the Scoutarama to be held May 16, and 17 at the San Jose Auditorium. Pack 19 will have a puppet show and will participate in the pageant. Pack meeting will be held Friday, April 25, at 7:30 p.m., at the First Methodist Church. Skits will be presented by Dens One and Six. Cub leaders Mr. L. Sloane and H. Guilbert are the sponsors.

Third graders of Ellen Ingram's class at Campbell Grammar School visited Almaden Dam Tuesday morning as part of their study of Santa Clara County. The group visited the quicksilver mines and the dam and looked over the old adobe buildings in the area.

Campbell Teacher Gives Music Talk At S. J. Conference

At the California Music Educators' Association Conference, held recently in San Jose, Kathleen S. Bergeron, Campbell piano teacher, gave a talk to the Theory and Composition committee. Mrs. Bergeron spoke on, "Why wait until high school to start creative efforts in music—start with first grade."

She explained how she teaches small children to create music and showed manuscripts written by students aged 6 to 14 years, from various grades in elementary school. The Theory and Composition Committee expressed amazement and enthusiasm over and about the work Mrs. Bergeron is doing in this field of music.

Before coming to Campbell, Mrs. Bergeron lived for some time in Chicago, where she had a private studio, taught in Conservatories of Music and in the Horace Mann and Louisa M. Alcott grammar schools. She is a member of the Santa Clara County Branch of the California Music Teachers' Association and the San Jose Chapter of the American Guild of Organists.
